2nd International Conference on Astrophysics and Particle Physics, November, 13-15, San Antonio, USA, 2017

Dear Dr. Martín Hötzel Escardó ,

Greetings of the day!

We are glad to inform you that your article “**The intrinsic topology of Martin-Löf universes**” is selected for the seat “**2nd International Conference on Astrophysics and Particle Physics**” which will be held from the **November 13-15, 2017** in the Beautiful City – **San Antonio, USA**. On behalf of our **Scientific Committee** we are pleased to invite you to participate as a **Speaker** at the **Particle Physics 2017** conference where you can share your research work on your current research interests.

The conference focuses on the theme “***Current Findings and Future Prospects of Particle Physics & Astrophysics***”

Particle Physics 2017 conference targets in gathering renowned Scientists, Professors and Research professionals across the globe under a single roof, where they discuss the research, achievements and advancements in the field. Our honourable Committee members and Keynote speakers includes the leading university professionals.

- Prof. Steven Weinberg, Nobel laureate in Physics-1979, University of Texas, USA
- Vasily Yu. Belashov, Kazan Federal University, Russia
- Shaomin Chen, Tsinghua University, China
- Robert Golub, North Carolina State University, USA
- Neil Spooner, The University of Sheffield, UK
- Anton Lipovka, Sonora University, Mexico
- Lukasz Andrzej Glinka, Member of the American Association of International, Poland
- Włodzimierz Piechocki, National Centre for Nuclear Research, Poland

[Submit an abstract](#) today for Particle Physics 2017 and join our colleagues from nearly 70 countries in San Antonio, USA. You can also submit through mail. Kindly let me know your feasibility of joining and allow me to clarify more details about the event.

With Regards,

Preity Sae

Program Director
